

Transform your Legacy SAP ECC system to a platform for innovation and growth

Move to RISE with SAP with zero consulting fees.

RISE with SAP is not just a technological upgrade, it's a business transformation.

For SAP ECC customers, transitioning to RISE with SAP equips your business with the tools to meet evolving market demands, reduce operational costs, and maintain a competitive edge.

This is your chance to reimagine your ERP system with the cutting-edge capabilities of SAP S/4HANA and the scalability of the cloud.

Key benefits of moving to RISE with SAP

Here's why making the move is the clear choice for forward-thinking business leaders like you.

1. Streamlined migration path

Leverage tools like SAP Readiness Check to simplify your move to SAP S/4HANA, reducing complexities and accelerating the transition process.

2. Lower total cost of ownership

Benefit from reduced infrastructure and maintenance costs by adopting cloud economies. Transitioning to a subscription model shifts capital expenditure (CAPEX) to operational expenditure (OPEX), providing financial flexibility.

3. SAP Business Technology Platform (BTP) Integration

Easily harness advanced technologies like artificial intelligence (AI) and machine learning. Enjoy regular updates that ensure continuous access to new features and innovations.

4. End-to-End support

Comprehensive support services throughout the migration process and beyond. Optimize business processes while ensuring system reliability and security.

With NTT DATA Business Solutions' Zero Cost Move Program, you can migrate to RISE with SAP with zero consulting fees.

“The exclusive Zero Cost Move program eliminates migration-related consulting costs, letting you focus on reaping the benefits of your modernized ERP solution.”
